

****Worldwide Accident and Emergency Insurance**

As member of the plan you will be registered with your dentist's accident and emergency insurance which covers:

- Treatment following accidents
- Emergency Treatment at another practice whilst away from home or outside of published practice opening times
- Oral cancer cover (if diagnosed - one off sum of £3000)

These are subject to your practice being able to recover the cost of such treatment under the terms of the insurance policy it has taken for this purpose. A full copy wording of this policy is available upon request. The insurance is arranged through Lloyd & Whyte Ltd. who are authorised and regulated by the Financial Conduct Authority.

To keep you fully informed of our policies please note the following:

- There is a once only £10 administration joining fee which will be taken at your first monthly collection
- Your monthly payments will be taken on or around the 10th of each month by our administrators **Privilege Plan Ltd** and their name will appear on your bank statement
- Your benefits will commence following your first monthly payment
- You will be asked to remain a Member for a minimum period of 12 months
- If your Direct Debit payments fail twice consecutively we may cancel your membership
- Patients are responsible for making and attending appointments provided by the plan
- Entitlements not used in any given period may not be carried forward or refunded
- Your membership is continuous and does not require renewing each year
- In the unlikely event of you cancelling your plan you may be required to pay for your last appointment and we reserve the right to recover any discounts applied to treatment completed in the previous six-month period.

Thank you for choosing **The Perfect Smile Studio** for your treatment and care. One of the aspects of our service to you, that sets us apart, is our dedication to follow-on care. Successful completion of your treatment is just part of the journey to achieving and maintaining oral health and wellbeing.

With that in mind we would like to extend an invitation for you to become a member of our Care Plan. Becoming a Member ensures you attend the practice on a regular basis, at intervals which are recommended by your treating dentist. This helps us to intervene quickly to resolve any issues that may affect your oral health, and ensures we can provide you with the most appropriate, timely advice and support.

Peace of mind...

Becoming a Member of one of our Care Plans will give you peace of mind that your dental team are on hand to provide continuing care, advice and treatment. Your clinical team will recommend the most appropriate plan for you. Here is some guidance to provide an indication of which plan is likely to be suitable for you:

- If you have received dental implant treatment you will be advised to become a member of the implant care plan. Implant placement and completion of the restorative phase of your treatment is a great milestone for both you and your clinical team. The follow-on care is just as important to enable us to continue to monitor your oral health and help us to support you in protecting the investment you have made in your life-changing treatment.
- Patients who have been referred for the treatment of a periodontal condition will be aware of the vital importance of maintaining on-going oral health to help reduce the risk of disease returning and causing long-term damage and tooth loss. We recommend the periodontal care plan to patients who are committed to working with their clinical team to treat and prevent future disease.
- When the health of your tooth structure and soft tissues (gum health) have been stabilised for a satisfactory period, your clinical team will recommend the premium plan, most suitable to help you maintain good oral health now and in the future.

Premium Plan When the health of your tooth structure and soft tissues (gum health) have been stabilised for a satisfactory period, your clinical team will recommend the maintenance plan, most suitable to help you maintain good oral health now and in the future.
